### PROMOTERS COMMAND

Herd Sire at Twin Valley Farms.

Owned by C. E. Stewart & Sons, Rose Hill, Iowa.

"Are you hungry right now? When you yearn for a favorite dish -- what is it?" A nation-wide poll on what America likes to eat was conducted by Look Magazine and the results were published in the February 14, issue of that magazine. As cattlemen you will be interested in the fact that steak was the first choice far ahead of any other on the list. For many people, roast beef ranked next and meat balls with spaghetti was third. As long as the products of our labors enjoy this universal popularity, it would seem that the cattle business is built on a firm foundation.

*Announcement*

A new Shorthorn Sales Association, Central States Shorthorn Breeders Association, is a recently organized, non-profit corporation, composed of successful breeders of the most useful breed of beef cattle residing in the Central States of the nation, and formed for the purpose of broadening the demand for modern type Scotch Shorthorns by holding semi-annual shows and sales at Oskaloosa, Iowa, well located and equipped for such undertakings.

At our opening Show and Sale on November 12, 1949, 63 head of cattle owned by breeders in Iowa, Illinois and Missouri were exhibited and sold at prices mutually beneficial to the sellers and purchasers. At this, our second sale, a larger number will be exhibited and sold on June 10, 1950.

We assure you that this offering will please you and that you will be well repaid for the time and money which you will spend in attending this Shorthorn event. We cordially invite you to be with us in Oskaloosa on June 10th.

*The Show*

All sale animals have been divided into classes according to age and sex. Each sex will have a grand and reserve championship. HELFRED BAPTON MAJOR - This six-year-old, dark roan bull has everything a Shorthorn sire should have. He has length, depth, width, perfect head and quarters, with heavy bone and straight legs. He is a proven sire of top bulls and heifers. Most of our cow herd is composed of his daughters, and we no longer give him the extensive use for which he is capable. He has a lot of good service left and will work improvement in any herd.

## ASSOCIATION GUARANTEE

1. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

2. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, are safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

3. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
